## EXPERIENCE

### GENERAL ASSEMBLY

INSTRUCTOR — 2014 - Present

- Head instructor for classes and workshops at General Assembly in Chicago including Front End Web Development, Ruby on Rails workshops, Web Development Let's Break it Down and Intro to JavaScript.
- Guest lecturer for Web Development Immersive program
- Served as an instructional coach, meeting with new instructors, observing classes, and drafting instructional best practices for the Chicago branch.

### FREELANCE DEVELOPER

2015 - Present

- Lead front-end developer for Luceris. Worked within a .NET environment using Angular, SCSS and Gulp. Developed reusable module system that was designed to be scalable and easy for other developers to put in place.
- Contracted with Earnest Loans, focusing primarily on Angular and SCSS while working within a Node.js environment.
- Built several Wordpress sites from the ground up, including the Society for Psychoanalytic Inquiry.

### KINHR

LEAD FRONT-END DEV — 2013 - 2015

- Lead front-end developer, working within a .NET environment using Backbone.js, Require.js, Javascript, jQuery, HTML5 and SCSS.
- Developed and maintained modular CSS leveraging Sass/Compass
- Developed a Sass style guide to promote long-term maintainability of clean, modular code (<http://goo.gl/aSXM17>)
- Built alternate landing pages for the kinhr.com marketing site using WordPress and conducted A/B tests on variations of those pages.
